

## **VELCRETE SPECIALTY PRODUCTS AT GLANCE**

- **Uniquitous Self flow castables for hard to reach corners.**
- **User friendly Rodding castables with low sensitivity in installation.**
- **Low rebound Gunning Castables.**
- **High Strength insulating Castables.**
- **Ultra High strength abrasion resistant Low cement Castables**
- **Protective coatings**
- **The ultimate in precast shapes.**

## **VELCRETE : AREAS OF APPLICATION**

- **Lances/Darts for Iron and steel**
- **Low rebound Low cement Gunning castables**
- **Castables with unparalleled resistance to Thermal shocks and abrasion**
- **Free Flow Castables for high creep and thermal stocks area**
- **Insulating castable with high strength**
- **User-friendly Rodding castables for maintenance and abrasion areas**
- **Castables/ Blocks for Reheat furnace hearth and roof**
- **Self flow/ Rodding castables for CFBC Boilers**
- **New Mullite bonded castables for cement Kiln nose rings, Burner pipe & sic castables for smoke chamber**
- **Accretion cum abrasion castables for DRI sponge foundry ladle castables**
- **Custom made precast shapes**
- **Low thermal mass system for Alu.Melting furnaces & tunnel kiln care**
